

# 2016

# SCHOLARSHIP

**ACE MENTOR PROGRAM**  
ARCHITECTURE • CONSTRUCTION • ENGINEERING

AWARD WINNER

## TANVI HARKARE

My name is Tanvi Harkare, and I currently am a senior at Methacton High School. After graduation, I am going to study Architecture at Carnegie Mellon University. Some interests and hobbies I have are painting, dancing, and coding. ACE is one of the best experiences I have had during my high school career. I have learned so much, and it made a huge impact in deciding my path in college.

Tanvi received a \$5,000 Scholarship sponsored by The Architectural Glass Institute

This experience and scholarship will ensure that I will reach my full potential in college. In the future, I plan to come back to ACE as a mentor and help high school students with their future careers...

The ACE Mentor Program of Eastern Pennsylvania is the local affiliate of a national non-profit organization. An acronym for Architecture, Construction, and Engineering, ACE engages, excites, and enlightens high school students to consider or pursue careers in the integrated construction industry through mentoring and scholarships.
