*AGI affiliated glazing contractors serve owners and construction managers with glass and metal solutions delivered on time and on budget. AGI member contractors and craftworkers are qualified to handle all interior and exterior architectural glass and metal applications. From design consultation and constructability reviews through final fabrication and installation, AGI members raise the bar for creativity, quality, safety, and value.*

### ABOUT THE COMPANY

Founded by Dan Reilly in 2000, Reilly Glazing, Inc. offers over 30 years of experience in the glass industry. The union company specializes in all glazing scopes of work, from comprehensive high-rise envelopes to interior glass partitions. As masters of their craft, Reilly employees emphasize a high level of customer service. They have earned a positive reputation by collaborating with architects, general contractors, property management companies, and owners.

"Our commitment to quality products, exceptional services, and incomparable attention to detail keep our community coming back again and again," Reilly explains. "We never stop

improving and are continuing to expand our offerings based on how we can best serve the Philadelphia and Tri-State area.”

## RECENT HONOR

*Commercial Construction & Renovation* magazine recently honored Reilly (along with teammates Fastrack Construction and Gensler) with a 2020 Project Profile Award for the Franklin Tower Residences in Philadelphia. The project entailed a 607,000-square-foot renovation of the former GlaxoSmithKline headquarters into luxury apartments. The glazing scope included complete retrofitting 26 floors of the building with new Wausau Window and Wall Systems.

## NOTABLE PROJECTS

Other notable Reilly projects include interior glass for FIS Group Headquarters in Philadelphia and Lincoln Financial in Radnor, Pa., which are featured in AGI Case Study articles. In 2019, the company teamed with C. Erickson & Sons to renovate two floors at Philadelphia’s Two Liberty into Industrious® coworking space. The project required supply and installation of 176 Wilson Partitions, an environmentally friendly aluminum frame system with all-glass office fronts, doors, and hardware. Also in 2019, Reilly teamed with Rycon Construction on complete renovation of the Plymouth Meeting Mall. The glazing scope involved all shell exterior storefront, insulated and spandrel glass, automatic sliding entrances, aluminum doors, and hardware. In 2018, Reilly participated in renovations to 2400 Market, known locally as the Aramark Building. Reilly installed a combination of glazing systems including four floors of window wall, five floors of unitized curtain wall, ground floor doors and folding wall systems, and glass handrails throughout the building.

## COMMUNITY SERVICE

Each year, Reilly extends the holiday spirit to two families in need. Working together with the Holiday Sharing Program of the Montgomery County (Pa.) Community Action Development Commission (CADCOM), Reilly employees fulfill holiday wish lists for two families. All gifts and donations are wrapped in the Reilly shop and delivered to the CADCOM office for distribution to families. In addition to this community service, Reilly Glazing sponsors several youth organizations throughout the year.
